

Read Me File:

The Do-file contains all of the code needed to reproduce the analysis in the re-analysis of Ciacchi, R. (2024). Banning the purchase of sex increases cases of rape: evidence from Sweden. *Journal of Population Economics*, 37(2), 1-30.

We only use our own data for the analysis of national yearly trends in reported rapes. This data is included with the replication files. For the rest of the analysis we use Ciacchi's data, which can be downloaded [here](#).
